

# POLICING THE PANDEMIC:

Exploring young people's experiences and recommendations

This new youth-led project is working across England and Wales to:

- Examine young people's **experiences of policing** during the COVID-19 crisis
- Involve young people in **developing solutions** to improve the policing approach, now and in the future.

We are asking **13-25 year olds** to tell us what they think via a simple questionnaire:

**Deadline 5 June.**

Responses will be used to produce national recommendations for change for police forces, PCCs and partner agencies.
